What we learned this Month

This month was packed with fun summer activities! The Children had...

- Magnet week
- Flag week
- Summer week
- Independence day week

HELLO SUMMER

MAGNET WEEK

Children explored the power of magnets through hands-on experiments and play! We fished with magnetic fishing rods and caught paperclip fish. We also had a car race using only magnets to guide our cars. This week was so much fun and encouraged the development of problem solving skills, early science concepts, and fine motor skills.

Flag Week

For flag week the children learned about the meaning of flags and how they represent where we come from! Children made flags with their families at home; flags that represent their ethnicities, and they also learned about the American Flag!

WATER DAY!

THE WEATHER WAS SCORCHING HOT, BUT THE CHILDREN COOLED OFF FROM THE HEAT ON WATER DAY. EVERYONE PLAYED IN THE SPRINKLERS AND SPLASHED AROUND WITH THEIR FRIENDS!

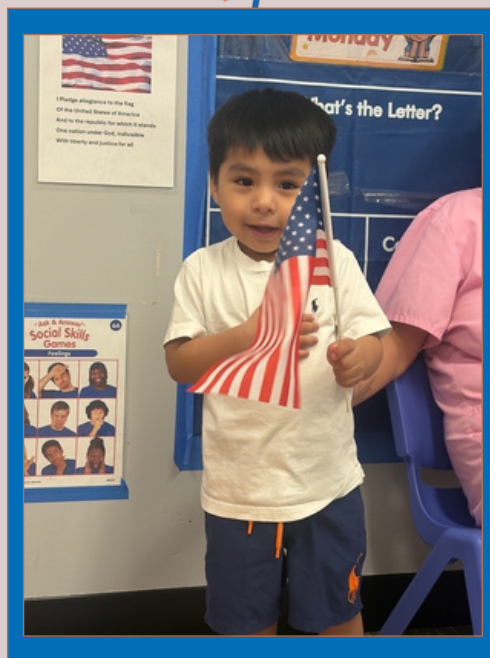

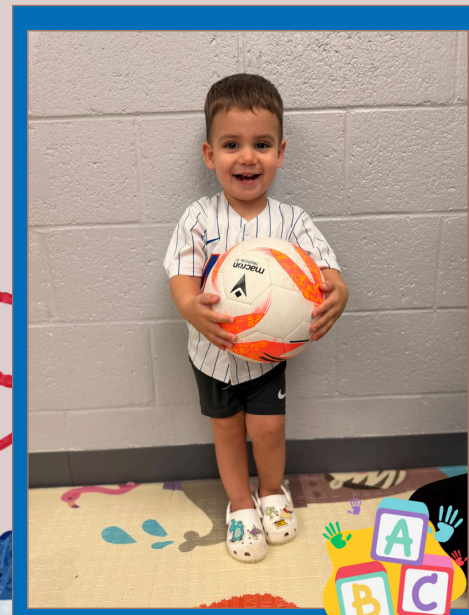

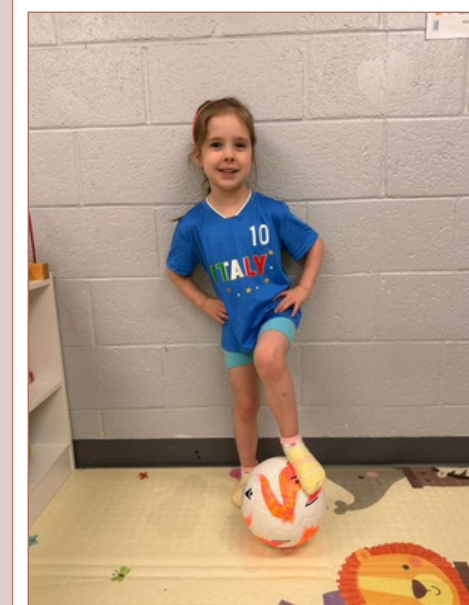

AMERICAN WEEK

WATCH ME GROW
PRESCHOOL AND DAYCARE

During Independence week, children recited the Pledge of Allegiance, participated in U.S.A. themed crafts, had soccer jersey day, and celebrated the 250th birthday of America the Beautiful with a parade and picnic!

SUMMER WEEK

During summer week we went over all things summer! We learned about ways to protect our skin and eyes from the sun, and how to stay cool with ice cream and lemonade!

HELLO
SUMMER!

WATCH ME GROW SMILES

SOMETIMES OUR TEACHERS GET THE PERFECT SHOT OF SMILES.
BETWEEN LEARNING AND PLAY IT'S NOT ALWAYS EASY TO
CAPTURE THESE KIDS CHEESIN!

THANK YOU!

Thank you for being part of the Watch Me Grow family. We're excited to watch your little ones grow and learn with us!!

—Alex and Nichelle Waddell, & the entire Watch Me Grow Team
